December 7, 2015

Summit Shah MD
State or Province: OH

The ABAI is organized primarily as an examining body with the primary function to establish qualifications and examine physician candidates, who voluntarily choose to enter the certification process and document specialty training. The ABAI confines the information it verifies to the physician's status with the ABAI and not about the site and nature of training experience. A Diplomate is defined as a physician that is certified, recertified or maintains certification as a medical specialist by a Member Board of ABMS.

In response to your inquiry concerning the above-named physician, he/she presently is considered a DIPLOMATE OF THE AMERICAN BOARD OF ALLERGY AND IMMUNOLOGY, A CONJOINT BOARD OF THE AMERICAN BOARD OF INTERNAL MEDICINE AND THE AMERICAN BOARD OF PEDIATRICS:

MOC Status: Meeting MOC Requirements

Certificate #6121 Dated October 4, 2013 Expires December 31, 2023

This document is valid only upon stamp of incorporation as issued by the Executive Office.

Stephen I. Wasserman, MD
President
